**Dear Bjørn Venø**

Thank you for buying these pixels, this selection of pixels is a one off from Bjørn Venø.

This folder contains:

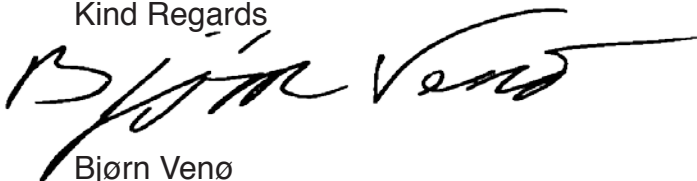

- Your pixels saved as a .tif file.
- A map of where your pixels belong within the source image saved as a .jpg file.
- A letter addressed to you.
- A txt document "Previous Owners" which you may use if you sell or give away the contents of this folder.

You may change the pixels of the .tif file in any way you wish, however I would like to give you some recommendations:

1. Do not delete the contents of this folder.
2. Do not remove any of the files from this folder.
3. Do not change the names of the files in this folder.
2. Do not change the meta data of the images in this folder.
5. Do not change the map in any way.

You can make as many copies you wish of the contents within this folder and sell or give away as many versions as you wish. You can publish the .tif file in any media you chose. You can also print as many prints of the .tif file as you like. If you should sell or give away what you bought it should contain the original contents of this folder, further more you should add your name to the text document titled "Previous Owners". When possible you should keep a list with the names you have given or sold it to.

Kind Regards
